**Blood Ties** Ruth Lillegraven 2022-07-26 Betrayal, secrets, revenge, and murder: they’re in the blood in a provocative novel of psychological suspense by the award-winning, internationally bestselling author of Everything Is Mine. As Norway’s newly appointed minister of justice, child's rights advocate Clara Lofthus has a chance to accomplish something meaningful on behalf of the most vulnerable members of society. It couldn't be more personal. A single mother, she's fiercely protective of her twin sons, Andreas and Nikolai. She's also still haunted by her own traumatic childhood--and the lengths to which she was willing to go to pursue her own brand of vigilante justice. How far? No one ever needs to know. And this is just one of Clara's secrets. Then one day, Clara comes home from work to make a terrifying discovery: her sons have been kidnapped. Clara's search leads to her hometown in western Norway, where she learns that her mother has been released from the mental hospital she has been living at for the past thirty years. Hot on Clara's heels is a local reporter, who is every bit as relentless as she is. He's determined to disrupt Clara's life even further and will not rest until he exposes the truth about her past. As the fate of her sons hangs in the balance, the demons of Clara's past are flushed out of hiding, threatening with a vengeance to come home to roost.

Having grown up in rural Western Norway, she is also an Oslo outsider. Henrik is a doctor from a well-to-do Oslo family. Though their marriage is under serious strain, they share a devotion to their twin sons and their work. Outwardly, they're a successful couple both dedicated to saving lives. Then a Pakistani Norwegian child is admitted to Henrik's hospital and dies in his care. The boy had clearly been the victim of child abuse. Soon after, a related murder rocks the city. Seamus Heaney and the Adequacy of Poetry  John Dennison  2015 Seamus Heaney's prose poetics return repeatedly to the adequacy of poetry, its ameliorative, restorative response to the violence of public historical life. It is a curiously equivocal ideal, and as such most clearly demonstrates the intellectual origins, the humanist character, and the inherent strains of these poetics, the work of one of the world's leading poet-critics of the last thirty years. Seamus Heaney and the Adequacy of Poetry is the first study of the development of Heaney's thought and its central theme. Eschewing the tendency of Heaney critics to endorse or expand on the poet's poetics in largely adulatory terms, it draws on archival as well as print sources to trace the emerging dualistic shape, redemptive logic, and post-Christian nature of Heaney's thought, from his undergraduate formation to the expansive affirmations of his late cultural poetics. Through a meticulous and wholly new examination of Heaney's revisions to previously published prose, it reveals the logical strain of his conceptual constructions, so that it becomes acutely apparent just how appropriate that ambivalent ideal 'adequacy' is. This book takes seriously the post-Christian, frequently religious tenor of Heaney's language, explicating the character of his thought while exposing its limits: Heaney's belief in poetry's adequacy ultimately constitutes an Arnoldian substitute for--indeed, an 'afterimage' of--Christian belief. This is the deep significance of the idea of adequacy to Heaney's thought: it allows us to identify precisely the late humanist character and the limits of his troubled trust in poetry.

All the Lives We Never Lived  Anuradha Roy  2018-11-20 From the Man Booker Prize-nominated author of Sleeping on Jupiter and "one of India’s greatest living authors" (O, The Oprah Magazine), a poignant and sweeping novel set in India during World War II and the present day about a son’s quest to uncover the truth about his mother. In my childhood, I was known as the boy whose mother had run off with an Englishman. The man was in fact German, but in small-town India in those days, all white foreigners were largely thought of as British. So begins the "gracefully wrought" (Kirkus Reviews) story of Myshkin and his mother, Gayatri, who rebels against tradition to follow her artist's instinct for freedom. Freedom of a different kind is in the air across India. The fight against British rule is reaching a critical turn. The Nazis have come to power in Germany. At this point of crisis, two strangers arrive in Gayatri’s town, opening up to her the vision of other possible lives. What took Myshkin’s mother from India and Dutch-held Bali in the 1930s, ripping a knife through his comfortably familiar universe? Excavating the roots of the world in which he was abandoned, Myshkin comes to understand the connections between the anguish at home and a war-torn universe overtaken by patriotism. Evocative and moving, “this mesmerizing exploration of the darker consequences of freedom, love, and loyalty is an astonishing display of Roy’s literary prowess” (Publishers Weekly).

In the Grip of Minos  Matthew James Senior 1994 Following Trent, a new mode of confession makes its appearance, a baroque discourse in which "the heart speaks to the heart." Senior argues that Corneille similarly creates a new kind of hero who distinguishes himself as much by the confessional trial of self-statement as by his military exploits. In the work of Racine, Senior notes, Minos appears again, tormenting the conscience of Phedre.

Traces of Ink  Lucia Raggetti 2021 "Traces of Ink. Experiences of Philology and Replication is a collection of original papers exploring the textual and material aspects of inks and ink-making in a number of premodern cultures (Babylonia, the Graeco-Roman world, the Syriac milieu and the Arabo-Islamic tradition). The volume proposes a fresh and interdisciplinary approach to the study of technical traditions, in which new results can be achieved thanks to the close collaboration between philologists and scientists. Replication represents a crucial meeting point between these two parties: a properly edited text informs the experts in the laboratory who, in turn, may shed light on many aspects of the text by recreating the material reality behind it. Contributors are: Miriam Blanco Cesteros, Michele Cammarosano, Claudia Colini, Vincenzo Damiani, Sara Fani, Matteo Martelli, Ira Rabin, Lucia Raggetti, and Katja Weirauch"--

I Is Another Jon Fosse 2021-03-02 The lives of an aging painter and his doppelganger converge and diverge in an elegiac meditation on our unlived lives, in the second book of the celebrated Norwegian writer's three-volume Septology. The Other Name Jon Fosse 2020-04-07 "Fosse's fusing of the commonplace and the existential, together with his dramatic forays into the past, make for a relentlessly consuming work: already Septology feels momentous."

The Guardian The Other Name follows the lives of two men living close to each other on the west coast of Norway. The year is coming to a close and Asle, an aging painter and widower, is reminiscing about his life. He lives alone, his only friends being his neighbor, Å...sleik, a bachelor and traditional Norwegian fisherman-farmer, and Beyer, a gallerist who lives in BjÃ¸rgvin, a couple hours' drive south of Dylgja, where he lives. There, in BjÃ¸rgvin, lives another Asle, also a painter. He and the narrator are doppelgangers--two versions of the same person, two versions of the same life. Written in hypnotic prose that shifts between the first and third person,The Other Name calls into question concrete notions around subjectivity and the self. What makes us who we are? And why do we lead one life and not another? Through flashbacks, Fosse deftly explores the convergences and divergences in the lives of both Asles, slowly building towards a decisive encounter between them both. A writer at the zenith of his career, withThe Other Name, the first two volumes in hisSeptology, Fosse presents us with an indelible and poignant exploration of the human condition that will endure as his masterpiece.

Septology Jon Fosse 2022-10 The celebrated Norwegian novelist's magnum opus, shortlisted for the International Booker Prize,
published in one volume for the first time. What makes us who we are? And why do we lead one life and not another? Asle, an ageing painter and widower who lives alone on the southwest coast of Norway, is reminiscing about his life. His only friends are his neighbour, Åsleik, a traditional fisherman-farmer, and Beyer, a gallerist who lives in the city. There, in Bjørgvin, lives another Asle, also a painter but lonely and consumed by alcohol. Asle and Asle are doppelgängers - two versions of the same person, two versions of the same life, both grappling with existential questions about death, love, light and shadow, faith and hopelessness. Jon Fosse's Septology is a transcendent exploration of the human condition, and a radically other reading experience - incantatory, hypnotic and utterly unique. 'Jon Fosse is a major European writer.' - Karl Ove Knausgaard 'The Beckett of the twenty-first century.' - Le Monde 'An extraordinary seven-novel sequence about an old man's recursive reckoning with the braided realities of God, art, identity, family life and human life itself...the culminating project of an already major career.' - Randy Boyagoda, New York Times 'A major work of Scandinavian fiction ...Fosse has written a strange mystical moebius strip of a novel, in which an artist struggles with faith and loneliness, and watches himself, or versions of himself, fall away into the lower depths.' - Hari Kunzru 'I hesitate to compare the experience of reading these works to the act of meditation. But that is the closest I can come to describing how something in the critical self is shed in the process of reading Fosse, only to be replaced by something more primal. A mood. An atmosphere. The sound of words moving on a page.' - Ruth Margalit, The New York Review of Books

**Boathouse**
Jon Fosse 2017
One of Jon Fosse's most acclaimed novels, Boathouse is told from the perspective of an unnamed narrator leading a largely hermit-like existence until he unexpectedly encounters a long-lost childhood friend and his wife. Told partially in a stream-of-consciousness style and with an atmosphere reminiscent of a gripping crime novel, Boathouse slowly unravels the story of a love triangle leading to jealousy, betrayal, and eventually death.

**Sickle**
Ruth Lillegraven 2019-04-15
Norway. The 1800s. Endre must to take over the family farm from his father--his father, who swings the sickle and sharpens the scythe, and says this is the only way in which rocks and stones and mounts and waves can still be ours. But Endre is strange, he keeps to himself, unlike his brothers who are merry and full of joy. He wants to live in the farm without longing to leave, but he is struggling. Then he meets Abelone--"the bearer of light." Tall and thin, always sitting with her books, sharper than all she went to school with, she is about to be a teacher. They appear to come from different worlds--one from the ancient, traditional, natural world; the other from the forward-looking world of modernity, of breaking away, and of renewal. But there is love--great and immediate. With new ideas and new languages, Abelone opens up the world of Endre--whose name means "change." A novel written in lyrical verse, Ruth Lillegraven's Sickle is an unforgettable evocation of longing and loss, of dreams and reality, and the importance of language itself.

**The Way Through the Woods**
Litt Woon Long 2019-07-02
A grieving widow discovers a most unexpected form of healing—hunting for mushrooms. "Moving . . . Long tells the story of finding hope after despair lightly and artfully, with self-effacement and so much gentle good nature."—The New York Times Long Litt Woon met Eiolf a month after arriving in Norway from Malaysia as an exchange student. They fell in love, married, and settled into domestic bliss. Then Eiolf's unexpected death at fifty-four left Woon struggling to imagine a life without the man who had been her partner and anchor for thirty-two years. Adrift in
grief, she signed up for a beginner’s course on mushrooming—a course the two of them had planned to take together—and found, to her surprise, that the pursuit of mushrooms rekindled her zest for life. The Way Through the Woods tells the story of parallel journeys: an inner one, through the landscape of mourning, and an outer one, into the fascinating realm of mushrooms—resilient, adaptable, and essential to nature’s cycle of death and rebirth. From idyllic Norwegian forests and urban flower beds to the sandy beaches of Corsica and New York’s Central Park, Woon uncovers an abundance of surprises often hidden in plain sight: salmon-pink Bloody Milk Caps, which ooze red liquid when cut; delectable morels, prized for their earthy yet delicate flavor; and bioluminescent mushrooms that light up the forest at night. Along the way, she discovers the warm fellowship of other mushroom obsessives, and finds that giving her full attention to the natural world transforms her, opening a way for her to survive Eiolf’s death, to see herself anew, and to reengage with life. Praise for The Way Through the Woods “In her search for new meaning in life after the death of her husband, Long Litt Woon undertook the study of mushrooms. What she found in the woods, and expresses with such tender joy in this heartfelt memoir, was nothing less than salvation.”—Eugenia Bone, author of Mycophilia and Microbia

Sebastian Dreaming

Georg Trakl 2016

Sebastian Dreaming comprises the second book in James Reidel’s Our Trakl series. Published posthumously in the original German in 1915, this is the second and last collection prepared by Trakl himself. Indeed, the Austrian poet may have tied his own fate to it. During his last days in a military hospital, Trakl had politely requested proofs of Sebastian Dreaming from his publisher and waited a week before overdosing on cocaine. He had been told once before that the war, which drove him into madness, had indefinitely postponed his masterpiece. Now the wait is over for Trakl's book to appear separately and in English. Until now translations of the poems from this collection have appeared in selections and complete volumes. Reidel has chosen to present the book individually, as Trakl wanted his book experienced. To achieve this, a certain verisimilitude in these English renderings has been achieved—even omitting the German facing texts is at work here—for which the translator has gone to great lengths, with an eye for seeing Trakl in his time and place, not only as an early modern poet but one whose strange and intriguing language and setting came from another century and still haunt us in ours.

Melancholy

Jon Fosse 2006

Lars Hertervig is a provincial young Norwegian from a poor Quaker background, studying art in Germany and prone to crippling insecurities, sexual obsessions, and terrifying hallucinations. In prose as hypnotic as Beckett's or Bernhard's - but earthier, and funnier - the novel describes a single day of crisis and its repercussions, years later for Lars himself and a century later for a writer inspired by Hertervig's vision. Melancholy takes us deep inside a painter's fragile consciousness, vulnerable to everything but therefore uniquely able to see its beauty and its light.
