The Religion of the Heart  
Ted A. Campbell 2000-03-20  In 'The Religion of the Heart,' Campbell provides a critical but sympathetic analysis of the European and British pietistic movements of the seventeenth and eighteenth centuries. Campbell shows that a definitive form of religious life emerged during the period of inter-Christian warfare in the seventeenth century that was characterized by personal affection for God. Campbell explores these religious movements parallel to the rise of Enlightenment thought and examines their importance in relation to our understanding of modern religious movements.

A Controversial Spirit  
Philip N. Mulder 2002-04-18  A Controversial Spirit offers a new perspective on the origins and nature of southern evangelicalism. Most recent historians have focused on the evangelicalism of the eighteenth century. This has led now and then to the perception that during the "Era of Awakenings" (mid-18th and early 19th century) American evangelicals constituted a united front. Philip N. Mulder dispels this illusion, by examining the internal dynamics of evangelicalism. He focuses on the relationships among the Presbyterians, Baptists, and Methodists who introduced the new religious mood to the South between 1740 and 1820. Although the denominations shared the goal of saving souls, he finds, they disagreed over the correct definition of true religion and conversion. The Presbyterians and Baptists subordinated the freedom, innovation and experience of the awakenings to their particular denominational concerns. The Methodists, on the other hand, were more progressive and innovative advocates of the New Light awakenings. They broke through the insularity of the other two groups and revolutionized the religious culture of the emerging nation. The American Revolution exacerbated the growing competition and jealousy among the denominations by displacing their common enemy, the established Anglican church. Former dissenters now turned to face each other. Free religious competition was transformative, Mulder argues. The necessity of competing for converts forced the Presbyterians and Baptists out of their narrow confines.

More importantly, however, competition compromised the Methodists and their New Light ideals. Methodists had presented themselves as an ecumenical alternative to the rigid and rancorous denominations of England and America. Now they turned away from their open message of salvation, and began using their distinctive characteristics to separate themselves from other denominations. The Methodists thus succumbed to the evangelical pattern set by others - a pattern of distinction, insularity, and divisive competition. Examining conversion narratives, worship, polity, and rituals, as well as more formal doctrinal statements in creeds and sermons, Mulder is able to provide a far more nuanced portrait of southern evangelicals than previously available, revealing the deep differences between denominations that the homogenization of religious history has until now obscured.

Revival Preaching  
Ernest Eugene Klassen 2021-09-03  As part of his passion to bring glory to God, Ernie Klassen is particularly interested in the revival of God’s people and the awakening of the lost. He believes strongly that God-honoring, Christ-exalting, and Spirit-empowered preaching plays a critical role in revival and awakening. No one models this dynamic better than Jonathan Edwards. He was a pastor who was a protagonist of the First Great Awakening. He thought deeply and critically about religious movements, and his reflections and sermons provide valuable “fodder” for reflection. Revival Preaching extracts the most important lessons of Edwards’s writings and sermons for preaching in today’s world.

Revival of Religion in the Western Country  
Washington and Jefferson College (Washington, Pa.). Historical Collections 1803  When God Walked Among the Nations  
Michael F. Gleason 2019-07-01  The following is a brief description of the prevailing spiritual and moral tides that were washing over much of Europe and America in the early eighteenth century—God’s “righteous name had been tolerably dishonored, his pure and holy word disregarded by incompetent or unconverted clergy, and the human family, created to glorify God and enjoy him forever, willfully and with abandon gave themselves to all manner of corruption.” These were despairing times—with striking similarities to our present day. And yet, in the midst of this seemingly hopeless era, the omnipotent God did what no man alone could accomplish: he restored the honor due to his great name, and exalted the power of his holy word through a revival that set ablaze two spiritually parched continents—God Walked Among the Nations! The pulpit was powerfully revived, men and women by the tens of thousands were soundly converted, and biblical renewal and social reformation flourished throughout the land. Do you wonder if a revival so vast in scope that it produces extraordinary bibilical, moral, and social reformation throughout your nation is even possible? If you’re pondering this question, then it is time to read about the glorious event best known as the First Great Awakening and renew your hope.
A Communion of Love

Jordan Stone 2019-03-05

Few figures in church history that died before the age of thirty have left such a lasting legacy as Robert Murray M‘Cheyne (1813-43). His name is virtually synonymous with the pursuit of personal holiness. M‘Cheyne was a living testimony to Scripture’s command to “let no one despise you for your youth, but set the believers an example in speech, in conduct, in love, in faith, in purity” (1 Tim 4:12). His ardent praying, preaching, and progress in godliness continue to captivate countless Christians around the world. The model of piety found in M‘Cheyne’s life and ministry provides needed encouragement for properly understanding biblical spirituality. What was the main fuel of his spirituality? Love for Jesus Christ.

In A Communion of Love, Jordan Stone argues that rightly understanding M‘Cheyne’s spirituality must begin with the fundamental issue of why he pursued the means of grace as he did, before reckoning with how he used those means. Such a reorientation reveals that loving communion with Christ was the all-consuming, driving force for M‘Cheyne’s vision of the Christian life.

Christian Leaders of the Eighteenth Century

J. C. Ryle 2021-08-02

Biographies of George Whitefield, John Wesley, William Grimshead, William Romaine, Daniel Rowlands, John Berridge, Henry Venn, Samuel Walker, James Hervey, Augustus Toplady, and John Fletcher. The reader will soon discover that I am an enthusiastic admirer of the men whose lives and ministries I have narrated in this volume. I confess it honestly. I am a thorough admirer of them. I firmly believe that, with the exceptions of Martin Luther and his contemporaries and our own martyred Reformers, the world has not seen any such men since the days of the apostles. I believe there have not been any who have preached as much clear scriptural truth, none who have lived such lives, none who have shown such courage in Christ’s service, none who have suffered as much for the truth, and none who have done as much good. If anyone can name laurels, I will send them to the dear reader who shall examine this work with a prayer that God will pardon all its imperfections, use it for His own glory, and raise up in His church today men like those who are here described. Certainly when we look at the state of the church today, we may well say, “Where is the Lord God of Whitefield and of Rowlands, of Grimshead and of Venn? O Lord, revive Your work!” —J. C. Ryle Stradbroke Vicarage, August 10, 1868

The Rise of the Global South

Eljah Jong Fil Kim 2012-04-06

Global Christianity has been experiencing an unprecedented historical transition from the West to the non-Western world. The leadership of global Christianity has taken on a new face since the twentieth century. Christendom in Europe and America has experienced a great decline while there has been a rise in Majority World Christianity. Churches in the Global South have given their voices to global Christianity through their leadership, world mission movements, and theology. The phenomenal church growth has risen from the Pentecostal and Charismatic movement. Pentecostalism has become the dominant force in global Christianity today. The Rise of the Global South examines the significance this shift has had on global Christianity by going through the history of Christianity in the West and the causes of the shift.

When the Lord Walked the Land

Kenneth S. Jeffrey 2007-03-02

The First Great Awakening, an unprecedented surge in Protestant Christian revivalism in the Eighteenth Century, sparked enormous of controversy at the time and has been a source of scholarly debate ever since. Few historians have sought to write a synthetic history of the First Great Awakening, and in recent decades it has been challenged as having happened at all, being either an exaggeration or an “invention.” The First Great Awakening expands the movement’s geographical, theological, and sociopolitical scope. Rather than focus exclusively on the clerical elites, as earlier studies have done, it deals with them alongside ordinary people, and includes the experiences of women, African Americans, and Indians as the observers and participants they were. It challenges the prevailing scholarly opinion concerning what the revivals were and what they meant to the formation of American religious identity and culture. Jonathan Edwards’s Apologetic for the Great Awakening Robert Davis Smart 2011-06-06

In the 1740s Jonathan Edwards emerged as the New Light proponent of the claim that the Great Awakening was, in the main, a true work of the Spirit of God. Conversely, Charles Chauncy led the Old Lights in opposition by offering criticisms of the Awakening. In this book, Robert Davis Smart examines Edwards’s defense of the revival with particular attention to Chauncy’s criticisms, which have often been acknowledged but not previously subjected to thorough analysis. He sets forth historical and contextual factors that shaped Edwards and his generation, shows how Edwards emerged as a leader of the revival from its early days, and offers an updated survey of the modern attempts to interpret the Awakening theologically, sociologically, and historically. Here is a detailed treatment of the contrasting perspectives of Edwards and Chauncy, an extensive analysis of their major works regarding the revival, an able assessment of
the essential issues raised by the debate, and an evaluation of the significant contributions of these men. Table of Contents: Introduction to Edwards’s Historical Context Chapter One: Jonathan Edwards and the Great Awakening Chapter Two: Interpretations of the Awakening Chapter Three: The Distinguishing Marks and Some Thoughts Chapter Four: Chauncy’s Sensational Thoughts Chapter Five: Edwards’s Final Response to Chauncy Conclusion: The Debate and Its Legacy Edwards, Germany, and Transatlantic Contexts Rhys Bezzant 2021-12-06 Jonathan Edwards engaged in notable ways with the church in Germany through his writings on spirituality, theology and missiology, but this contribution has rarely been acknowledged in academic publications. In this book scholars who have an interest in both Edwards and the church in Europe offer contributions to a significant worldwide conversation on Edwards’s texts and teachings. He found an ally in Martin Luther, sought out encouragement from German Pietists, and engaged with Western traditions of philosophy which proved useful in sharpening his subsequent arguments within the world in the eighteenth century. Some chapters are balanced between those that concentrate on an individual, such as George Whitefield or John Stott, and those that focus on particular denominational groups like Wesleyan Methodism, Congregationalism or the ‘Black Majority Churches’. The result is a new insight into the cross pollination of these movements that will help the reader to understand modern Christianity in England and Wales more fully. Offering a fresh look at the development of Evangelicalism and Dissent, this volume will be of keen interest to any scholar of Religious Studies, Church History, Theology or modern Britain.

The Supremacy of God in Preaching John Piper 2015-01-27 According to Warren Wiersbe, The Supremacy of God in Preaching “calls us back to a biblical standard for preaching, a standard exemplified by many of the pulpit giants of the past, especially Jonathan Edwards and Charles Spurgeon.” This newly revised and expanded edition is an essential guide for preachers who want to stir the embers of revival. Piper has added valuable new material reflecting on his thirty-three years of preaching at Bethlehem Baptist Church, offering a glimpse of what a lifetime of putting God first has done for the faith of the hundreds of thousands who have heard him preach over the years.

The Irish Puritans Crawford Gribben 2014-02-01 Beginning in medieval times, the author takes the reader on a fascinating journey examining key events that have shaped religious life in Ireland, with special emphasis on the Puritan era and the leadership of the church exercised by Archbishop James Ussher, Richard Baxter once said, “If all the Episcopalians had been like Archbishop Ussher, all the Presbyterians like Mr. Stephen Marshall, and all the Independents like Jeremiah Burroughs, the breaches of the church would soon have healed.”

The Life of the Rev. John Wesley ... Richard Watson 1835

Making Evangelical History Andrew Atherstone 2019-04-08 This volume makes a significant contribution to the ‘history of ecclesiastical histories’, with a fresh analysis of historians of evangelicalism from the eighteenth century to the present. It explores the ways in which their scholarly methods and theological agendas shaped their writings. Each chapter presents a case study in evangelical historiography. Some of the historians and biographers examined here were ministers and missionaries, while others were university scholars. They are drawn from Anglican, Baptist, Congregationalist, Methodist, Presbyterian, Fundamentalist and Pentecostal denominations. Their histories cover not only transatlantic evangelicalism, but also the spread of the movement across China, Africa, and indeed the whole globe. Some wrote for a popular Christian readership, emphasising edification and evangelical hagiography; others have produced weighty monographs for the academy. These case studies shed light on the way the discipline has developed, and also the heated controversies over whether one approach to evangelical history is more legitimate than the rest. As a result, this book will be of considerable interest to historians of religion.

Victorian Religious Revivals David Bebbington 2012-05-31 Revivals are outbursts of religious enthusiasm in which there are numerous conversions. In this book the phenomenon of revival is set in its broad historical and historiographical context. David Bebbington provides detailed case studies chart developments across four centuries, from 1540 to 1880 in Britain, North America and Australia, showing that the distinctive features of particular revivals were the result less of national differences than of denominational variations. These revivals occurred in many places across the globe, but revealed the shared characteristics of evangelical Protestantism. Bebbington explores the preconditions of revival, giving attention to the cultural setting of each episode as well as the form of piety displayed by the participants. No single cause can be assigned to the awakenings, but one of the chief factors behind them was occupational structure and striking instances of death were often a precipitant. Ideas were far more involved in these events than historians have normally supposed, so that the case-studies demonstrate some of the main patterns in religious thought at a popular level during the Victorian period. Laymen and women played a disproportionate part in their promotion and converts were usually drawn in large numbers from the younger age groups. Lay preachers turned towards more organised methods sometimes entailing interdenominational co-operation.

The Christian's Highest Good Douglas Vickers 2014-04-07 Competing worldviews cast their impact on the church and the Christian confession. What does it mean to be a Christian in an age that threatens cultural dissolution? Related questions press on a calm consideration of the meaning of the Christian life. Who is Jesus Christ of whose salvific work the Christian confession depends? What did Jesus Christ come into the world? What is to be said of the human condition following the Adamic fall, which, as John Milton says, "brought death into the world and all our woe"? What is the Christian's highest good, the grounds on which it has life-determining relevance, and what are its existential implications? In this closely reasoned and biblically informed examination of those questions, Douglas Vickers concludes that the Christian's highest good exists in "Fellowship with the Father." The practical and everyday significance of that fellowship is addressed at length, and the meaning and prospect of each Christian's eternal life is shown to be grounded in a vital and indissoluble union with Christ.

McCheyne’s Dundee Bruce McLennan 2018-02-15 In the mid-nineteenth century, Dundee was graduating itself as Scotland’s third-largest city, with a rapidly expanding economy. What most attracted observers’ attention, however, was the religious revival that began in the fall of 1839 under the leadership of two relatively young and inexperienced ministers, Robert Murray McCheyne (1813-1843) and William Chalmers Burns (1815-1868). In McCheyne’s Dundee, historian Bruce McLennan ably traces the story of revival in this industrial Scottish seaport. After looking at the social and economic conditions of the city, as well as the significant religious issues of the day, he then considers McCheyne and Burns—their backgrounds, their brief ministries in Dundee, and their impact as God’s instruments of great spiritual blessing to the people of that city. McLennan concludes with an analysis of the reactions to the revival—both approbation and opposition—and the awakening’s long-term effects, which could still be seen a generation later. Table of Contents: 1. Dundee in the 1830s and 1840s 2. Two Background Religious Issues of the Times 3. Breaking up the Fallow Ground: McCheyne’s Early Years in Dundee, Preparing for Revival 4. “That Memorable Field”: Burns’s Seven Months in Dundee 5. McCheyne’s Last Years in Dundee: Continuing Evidence of Revival 6. McCheyne and the Lambs 7. Responses to the Revival: Opposition and Approbation 8. Aftermath

Inventing the "Great Awakening" Frank Lambert 2021-01-12 This book is a history of an astounding transatlantic phenomenon, a popular evangelical revival known in America as the first Great Awakening (1735-1745). Beginning in the mid-1730s, supporters and opponents of the revival commented on the extraordinary nature of what one observer called the "great ado," with its extemporaneous outdoor preaching, newspaper publicity, and rallies of up to 20,000 participants. Frank Lambert, biographer of Great Awakening leader George Whitefield, offers an overview of this important episode and proposes a new explanation of its origins. The Great Awakening, however dramatic, was nevertheless unnamed until after its occurrence, and its leaders created no doctrine or organizational structure that would result in a historical record. That lack of documentation has allowed recent scholars to suggest that the movement was "invented" by nineteenth-century historians. Some specialists even think that it was wholly constructed by succeeding generations, who retroactively linked sporadic happenings to fabricate an alleged historic development. Challenging these interpretations, Lambert nevertheless demonstrates that the Great Awakening was invented—not by historians but by eighteenth-century evangelicals who were skillful and enthusiastic religious promoters. Reporting a dramatic meeting in one location in order to encourage gatherings in other places, these men used commercial strategies and newly popular print media to build a revival—one that was convincing and compelling. Within a few months one could attend 100 revivals. How did they do it? Lambert unravels the mystery of the Great Awakening, using the case studies of its key evangelists, to depict revivals as cultural productions and yield fresh understandings of how believers "spread the word" with whatever technical and social methods seem the most effective.

The Coming Israel Awakening James W. Goll 2009-03-01 As the Church cries to God on Israel’s behalf, the land of Israel will awaken and God will move powerfully among the Jewish people worldwide.

God’s Man for the Gilded Age Bruce J. Evensen 2003-09-25 At his death on the eve of the 20th century, D.L. Moody was widely recognized as one of the most beloved and important of men in 19th-century America. A Chicago shoe salesman with a fourth grade education, Moody rose from obscurity to become God’s man for the Gilded Age. He was the Billy Graham of his day—indeed it could be said that Moody invented the system of evangelism that Graham inherited and perfected. Bruce J. Evensen focuses on the pivotal years during which Moody established his reputation on both sides of the Atlantic through a series of highly popular and publicized campaigns. In four short years Moody forged the bond between revivalism and the mass media that persists to this day. Beginning in Britain in 1873 and extending across America’s urban landscape, first in Brooklyn and then in Philadelphia, New York, Chicago, and Boston, Moody used the power of prayer and publicity to stage citywide crusades that became civic spectacles. Modern newspapers, in the grip of economic depression,needed a story to stimulate circulation and found it in Moody’s momentous mission. The evangelist and the press used one another in creating a sense of civic excitement that manufactured the largest crowds in municipal history. Critics claimed this machinery of revival was man-made. Moody’s view was that he’d rather
advertise than preach to empty pews. He brought a businessman's common sense to revival work and became, much against his will, a celebrity evangelist. The press in city after city made him the star of the show and helped transform his religious stage into a communal entertainment of unprecedented proportions. In chronicling Moody's use of the press and their use of him, Evensen sheds new light on a crucial chapter in the history of evangelicalism and demonstrates how popular religion helped form our modern media culture. *Historical Collections of Accounts of Revival* John Gillies 1981
