21 Lessons for the 21st Century: Yuval Noah Harari 2019-01-29 #1 NEW YORK TIMES BESTSELLER In Sapiens, he explored our past. In Homo Deus, he looked to our future. Now, one of the most innovative thinkers on the planet turns to the present to make sense of today’s most pressing issues. “Fascinating . . . a crucial global conversation about how to take on the problems of the twenty-first century.”—Bill Gates, The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FINANCIAL TIMES AND PAMELA PAUL, KOED How do computers and robots change the meaning of being human? How do we deal with the epidemic of fake news? Are nations and religions still relevant? What should we teach our children? Yuval Noah Harari’s 21 Lessons for the 21st Century is a probing and visionary investigation into today’s most urgent issues as we move into the uncharted territory of the future. As technology advances faster than our understanding of it, Harari examines the dangers of machine learning and artificial intelligence, the risks of igniting a nuclear war, the possibility of immortality through biotechnology, the future of money and finance, and the threat to the security of the state. He engages with big questions and recent events in the arts, science, politics, and business to offer a deep perspective on what our world is becoming.
