Feminism, Capitalism, and Critique  
Bansu Barge 2017-07-02 This edited collection examines the relationship between three central terms—capitalism, feminism, and critique—within late twenty-first-century research. The contributors engage with the histories and genealogies of feminism and capitalism, and with the particular struggles of feminist and Marxist intellectuals. They explore the processes of Vergangenheitsbewältigung in the context of coercive sterilization and the respective struggles for historic justice. She examines the processes of Vergangenheitsbewältigung in the context of coercive sterilization and the respective struggles for historic justice. She examines the processes of Vergangenheitsbewältigung in the context of coercive sterilization and the respective struggles for historic justice.

On the Reproduction of Capitalism  
Louis Althusser 2014-02-04 Louis Althusser’s renowned short text ‘Ideology and Ideological State Apparatuses’ radically transformed the concept of the subject, the understanding of the state and even the very framework of cultural, political and literary theory. The text has been influential throughout the development of contemporary Marxist thought, from political economy to contemporary cultural studies. On the Reproduction of Capitalism develops Althusser’s conception of ideology and Ideological State Apparatuses by placing it in its proper context in the broader framework of Marx’s Capital, on the other hand, it is a study of the concept of capital—a system of social relations of production—understood as an economic category and not as an economic system as traditionally understood. On the Reproduction of Capitalism argues that the concept of capital is a key to understanding the nature of contemporary capitalism and its relationship to social and political processes. On the Reproduction of Capitalism introduces the concept of the ideological state apparatus as a way of understanding the relationship between the state and the economy, and how the state functions as an ideological mechanism to maintain the interests of the ruling class. On the Reproduction of Capitalism is a pioneering work in the field of political economy and remains a key text for students and scholars of Marxism.

Exploring Marx's Capital  
Jacques Bidet 2007-01 Offers a fresh interpretation of Marx's great work. This book shows how the novelty and lasting interest of Marx's theory arises from the fact, that against the project of a 'pure' economics, it is formulated in concepts that have simultaneously an economic and a political aspect, neither of these being separable from the other. Biopolitics and Historic Justice  
Katrin Braun 2021-05-31 Human rights violations linked to norms of health, fitness, and social usefulness have long been overlooked by historians. In Exploring Marx’s Capital, Jacques Bidet argues that Marx’s opening of the subject of biopolitics is a work of political theory and not just economics.

The Big Archive  
Spieker 2017-03-03 The archive as a crucible of twentieth-century modernism and key for understanding contemporary art. The typewriter, the card index, and the filing cabinet: these are technologies and modalities of the archive. To the bureaucrat, archives contain little more than the routines and procedures of an organization. But to the historian, the archive is a crucible of twentieth-century modernism. The Big Archive offers a fresh interpretation of Marx’s great work. This book shows how the novelty and lasting interest of Marx’s theory arises from the fact, that against the project of a ‘pure’ economics, it is formulated in concepts that have simultaneously an economic and a political aspect, neither of these being separable from the other. Biopolitics and Historic Justice
