Oral Traditions And The Verbal Arts

**oral tradition | communication | Britannica**
oral tradition, also called orality, the first and still most widespread mode of human communication. Far more than “just talking,” oral tradition refers to a dynamic and highly diverse oral-aural medium for evolving, storing, and transmitting knowledge, art, and ideas. It is typically contrasted with literacy, with which it can and does interact in myriad ways, and also with ...

**Oral history - Wikipedia**
Oral history is the collection and study of historical information about individuals, families, important events, or everyday life using audiotapes, videotapes, or transcriptions of planned interviews. These interviews are conducted with people who participated in or observed past events and whose memories and perceptions of these are to be preserved as an aural record ...

**Oral literature - Wikipedia**
Oral literature or folk literature is a literature that is spoken or sung as opposed to that which is written, though much oral literature has been transcribed. There is no standard definition, as folklorists have varying descriptions for oral literature or folk literature. A broad conceptualization refers to it as literature characterized by oral transmission and the absence of any fixed form.
