Turing's Delirium Edmundo Paz Soldán 2007-06-01 Set in a near-future Bolivia, this "hybrid of cyberpunk and political thrillers" is sleek, brisk, and clever" (Entertainment Weekly). Set against a backdrop of advancing globalization, this award-winning, "fast-paced" literary thriller puts a cutting-edge digital spin on the age-old fight between the oppressed and the oppressor (The Miami Herald). The South American town of Río Fugitivo is on the verge of a social revolution—not a revolution of strikes and street riots, but a war waged electronically, in which computer viruses are the weapons and hackers the revolutionaries. In this war of information, the lives of a variety of characters become entangled: Kandasmy, the millennial leader of a group of hackers fighting the government and transnational companies; Albert, the founder of the Black Chamber, a state security firm charged with deciphering the secret codes used in the information war; and Miguel "Turing" Sánz, the Black Chamber's most famous codebreaker, who begins to suspect his work is not as innocent as he once supposed. All converge to create a "propulsive" novel about personal responsibility and complicity in a world defined by the ever-increasing gulfs between the global and the local, government and society, the virtual and the real (Publishers Weekly, starred review). Turing's Delirium "combines the excitement of a political thriller with the intellectual ambition of a literary novel" (San Francisco Chronicle). "If William Gibson were a Bolivian, this might be the kind of novel he'd be writing." —Chicago Tribune

Havana Gold Leonardo Padura 2008 24 year old Lissette Delgado was beaten, raped and then strangled with a towel. Marijuana is found in her apartment and her wardrobe is suspiciously beyond the means of a high school teacher. Lieutenant Conde is pressured by 'the highest authority' to conclude this investigation quickly when chance leads him into the arms of a beautiful redhead. This is a Havana of crumbling, grand buildings, secrets hidden behind faded doors and corruption. This is as much a eulogy for Cuba, its life of sex, music and great friendships as it is a story of a murder investigation.

On the Death and Life of Languages Claude Hajège 2009-01-01 Twenty-five languages die each year; at this pace, half the world's five thousand languages will disappear within the next century. In this timely book, Claude Hajège seeks to make clear the magnitude of the cultural loss represented by the crisis of language death. By focusing on the relationship of language to culture and the world of ideas, Hajège shows how languages are themselves crucial repositories of culture; the traditions, proverbs, and knowledge of our ancestors reside in the language we use. His wide-ranging examination covers all continents and language families to uncover not only how languages die, but also how they can be revitalized—for example in the remarkable case of Hebrew. In a striking metaphor, Hajège likens languages to bonfires of social behavior that leave behind sparks even after they die; from these sparks languages can be rekindled and made to live again.

A Manuscript of Aeshes Antonio Muñoz Molina 2008-04 In this "beautifully wrought" novel set in Franco-era Spain, a university student stumbles into a decades-old mystery (New York magazine). It's the late sixties, the last dark years of Franco's dictatorship. Minaya, a university student in Madrid, is caught up in the student protests and the police are after him. He moves to his uncle Manuel's country estate in the small town of Málaga to write his thesis on an old friend of his uncle, an obscure republican poet named Jacinto Solana. The country house is full of traces of the poet-novels, photographs, journals—and Minaya soon discovers that, thirty years earlier, during the Spanish Civil War, both his uncle and Solana were in love with the same woman, the beautiful, unsettled Mariana. Engaged to Manuel, she was shot in the attic of the house on her wedding night. With the aid of Íñis, a maid, Minaya begins to search for Solana's lost masterpiece, a novel called Beatus Ille. Looking for a book, he unravels a crime. One of Spain's most celebrated literary figures, the author of Sefarad and In the Night of Time weaves a "rapturously gothic" tale that is both a novel of ideas and an intricately plotted mystery (The New York Sun). "A brilliant novel by an important writer unafraid of ideas, emotions and genuine beauty." --Los Angeles Times "Already a contemporary classic, this work . . . is an erudite gem in the very best metalfiction tradition." --Library Journal

España en el corazón Pablo Neruda 1997 “Spain in the Heart is a book that comes back to haunt us every time that the pangolins of the world start the motors of their death machines and proceed to invade, massacre and burn an innocent people. Now we open it once again, and discover that it hasn't changed, that it is still unyielding, ample, made of multiple voices gloriously singing as the millions march on.” – Fermano Alegria My book, Spain in the Heart was printed (during the Spanish Civil War) in a unique way. I believe few books, in the extraordinary history of so many books, have had such a curious birth and destiny. The soldiers learned to set type. But there was no paper. They found an old paper mill and decided to make it there. A strange mixture was concocted, in the midst of falling bombs, in the midst of battle. They threw everything they could get their hands on into the mill, from an enemy flag to a bloody tunic of a Moorish soldier. And in spite of the unusual materials used and the total inexperience of its manufacturers, the paper turned out to be very beautiful... My book was the pride of those men who had worked to bring out my poetry in defiance of death, and I learned that many carried copies of the book in their knapsacks, instead of their own food and clothing. With their knapsacks over their shoulders, they set out on the long march to France. The endless column walking to exile was bomed hundreds of times. Soldiers fell and the books were strewn over the road...The last copies of this impassioned book that was born and perished in the midst of fierce fighting were burned in a bonfire.” – Pablo Neruda, from Memòirs Précis de grammaire espagnole - 4a ed. Maya's Notebook Isabel Allende 2014-03-23 Maya’s Notebook is a starting novel of suspense from New York Times bestselling author Isabel Allende. This contemporary coming-of-age story centers upon Maya Vital, a remarkable teenager abandoned by her parents. Maya grew up in a rambling old house in Berkeley with her grandmother Nini, whose formidable strength helped her build a new life after emigrating from Chile in 1973 with a young son, and her grandfather Popo, a gentle African-American astronaut. When Popo dies, Maya goes off the rails. Along with a circle of friends known as "the vampires," she turns to drugs, alcohol, and petty crime—a downward spiral that eventually leads to Las Vegas and a dangerous underworld, with Maya caught between warring forces: a gang of assassins, the police, the FBI, and Interpol. Her one chance for survival is Nini, who helps her escape to a remote island off the coast of Chile. In the care of her grandmother's old friend, Manuel Arias, and surrounded by strange new acquaintances, Maya begins to record her story in her notebook, as she tries to make sense of her past and unravel the mysteries of her family and her own life.
